

# METAL free<sup>™</sup> COMMERCIAL AF<sub>Auto-Fill</sub>

**NATURAL  
CHEMISTRY**<sup>®</sup>  
Performance - GUARANTEED

07005 - 5Gal

## PRODUCT FEATURES:

- Powerful Non Phosphate based formula
- Safe for use on any pool surfaces and sanitizing systems

## BENEFITS:

- Deactivates iron, copper and other trace metals
- Prevents stains, calcium/mineral scale and water discoloration

### DIRECTIONS:

Use 32 ounces of METALfree per 20,000 gallons (75,000L) of pool water. When topping-up pool water, dosage can be reduced to half, except for initial fill.

For pool water with extremely high metal content, a weekly dose of 4 oz. per 10,000 gallons (38,000L) is recommended.

Application: Sprinkle around pool perimeter. Do not add thru skimmer.
