

# PHOSfree

## COMMERCIAL AF

Auto Feed

**NATURAL  
CHEMISTRY**®  
Performance - GUARANTEED

05251 - 5Gal

### PRODUCT FEATURES:

- Specifically designed for large water application
- Highly concentrated

### BENEFITS:

- Easily maintains low levels of phosphates in the largest volumes of water
- Perfect complement to Natural Chemistry's automatic dosage dispenser

#### Initial Treatment

- With clean filtration, balanced water chemistry and circulation system running add product as required.
- Phosphate levels up to 1,000 ppb add 16 oz. (473ml) per 20,000 gal. (91,000L).
- Phosphate levels over 1,000 ppb add 32 oz. (956ml) per 20,000 gal. (91,000L).
- Backwash filter as necessary.
- During high phosphate removal process, pool water cloudiness/turbidity may occur

#### RETEST PHOSPHATE LEVEL AFTER 48 HOURS.

#### Maintenance Dose

- Weekly, add 1 fl. oz. (30ml) of PHOSfree Auto Feed per 6,000 gallons (22,700L) of pool water.
